

MAG Instructions

- Turn off your MAG device and turn it back on again
- When you get to the 'Loading' image, press your 'Set/Setup' button on your remote. This will bring you to the 'Inner Portal'
- Press your 'Set/Setup' button again. Then go to 'Servers'
- Change "Portal URL 1" to the new portal by pressing the 'KB' Button and typing in:

<http://smart-hosting.ddns.net/c>
- Press the 'KB' button again and press ok/home, then you will be returned to the previous screen
- Go to 'Reload Portal' and press ok when prompted

<https://www.youtube.com/watch?v=FUrg8xECUL4>

When your MAG reboots it will load the portal.
